

Principal's Message

North Park Middle School's staff is committed to providing students with a rigorous curriculum that will prepare them to be college and career ready. We believe that our responsibility as educators is to develop critical thinkers and young adults with strong character.

We are a professional learning community that centers its work on student learning. We constantly collaborate to analyze student data to help inform and direct our instruction. We take student learning seriously and we value the time we have with them.

We also understand the social challenges that can occur during middle school and we have programs in place that provide students support and guidance. We have implemented the Olweus Bully Prevention Program. This is a research-based program that works to prevent bullying by changing the climate of our school and the way we communicate and behave with one another. The Character Counts Program focuses on the six pillars of character and teaches students that what matters most is who they are on the inside.

Our North Park families are extremely valuable and we believe that student success is better achieved when we include our parents and provide regular communication. We will continue to create opportunities that bring our parents onto campus and include them in their child's academic progress.

Parental Involvement

Parents have a very important place in our school community. The School Site Council (SSC) and English Learner Advisory Committee (ELAC) meet monthly to make decisions that affect our school's programs. We also have an active Band Booster organization that dedicates itself to the North Park Band students. Our Advancement Via Individual Determination (AVID) program invites parents to an annual college planning event to inform parents of their opportunities and assist them with their students.

North Park also offers parents the opportunity to participate in an annual parent education conference hosted by the Hispanic Outreach Taskforce and Whittier College. The conference provides parents valuable information on the college application process, financial aid for college and academic support, and resources for students.

In addition, North Park has introduced Lancer Parent University. We offer parent classes throughout the year that help parents support their sons and daughters academic and social development. Topics covered include reading student transcripts, accessing online resources to help their sons and daughters, and bully prevention information. Parents who attend all three sessions are recognized at the end-of-the-year assembly.

For more information on how to become involved at the school, please contact Priscilla Rodriguez, Principal, at (562) 801-5137.

School Safety

North Park provides a safe, attractive campus that meets the needs of students and staff. Earthquake and fire drills are conducted regularly to prepare all students and staff. Each drill is reviewed by staff to assure effective preparedness in case of an emergency. The school maintains emergency supplies for all students and staff in case of a crisis. Key elements of the plan include monthly safety drills, crisis intervention plans, courses of action by the different readiness teams, emergency contact information, and evacuation routes and procedures. The School Safety Plan was last reviewed, updated, and discussed with school faculty December 2013.

North Park is a secured campus. All visitors must enter and exit via the front school office. School staff members supervise the campus and playgrounds before school, during lunch, and after school. In addition, District police units are available to further assure the safety of our students.

It is our goal to ensure North Park is a safe and conducive environment for learning.

School Mission Statement

North Park Middle School is dedicated to producing academically proficient students of strong character by engaging all stakeholders and establishing high expectations for all students. We value integrity and accountability and believe that all students have the potential to learn.

STAR Results for All Students

The Standardized Testing and Reporting Program (STAR) results are evaluated and compared to state content standards using the following five performance levels: Advanced (*exceeds state standards*), Proficient (*meets state standards*), Basic, Below Basic, and Far Below Basic. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables show the percentage of students who scored at Proficient or Advanced levels in English-language arts, mathematics, science, and history-social science.

Standardized Testing and Reporting Program

The Standardized Testing and Reporting Program (STAR) aims to identify strengths and weaknesses to improve student learning. The STAR consists of several key tests that are designed for the student's age and individual needs. These tests include the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an Individualized Education Plan. It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For more information on the STAR including tests, participation, groups, and scores by grade level, please visit star.cde.ca.gov.

API Ranks

Schools are ranked in 10 categories of equal size, called deciles, from one (lowest) to 10 (highest) based on their API Base reports. A school's "statewide API rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools API rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools' API rank.

API Ranks			
Three-Year Data Comparison			
	2010	2011	2012
Statewide API Rank	5	5	5
Similar Schools API Rank	6	6	6

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of the schools within California. API is measured on a scale from 200 to 1,000. This score reflects the school, district, or a student group's performance level based on the results of statewide testing. The state has set an API score of 800 as the statewide target.

The annual API reporting cycle consists of the Base API (not published in this SARC) and Growth API. The Base API begins the reporting cycle and the results are released approximately a year after testing occurs (e.g. The 2012 Base API is calculated from results of statewide testing in spring 2012, but the results are not released until May 2013). Growth API calculates test results in the same fashion and with the same indicators as the Base API but from test results from the following year (e.g. The 2013 Growth API is calculated from results of statewide testing in spring 2013 and released in September 2013). To represent how much a school's API changed from 2012-13, the 2012 Base API is subtracted from the 2013 Growth API. The Base API Report includes the Base API, targets, and ranks. The Growth API Report includes Growth API, growth achieved, and whether or not targets were met.

To learn more about API, visit www.cde.ca.gov/ta/ac/ap/ for the API information guide and the API overview guide.

API Growth by Student Group

Assessment data is reported only for *numerically significant* groups. To be considered numerically significant for the API, the group must have either: (1) at least 50 students with valid STAR scores who make up at least 15 percent of the total valid STAR scores, or (2) at least 100 students with valid STAR scores. This table displays, by student group, first, the 2013 Growth API at the school, district, and state level followed by the actual API change in points added or lost for the past three years at the school.

Adequate Yearly Progress

The federal Elementary and Secondary Education Act (ESEA) requires all schools and districts meet Adequate Yearly Progress (AYP) requirements. California public schools and districts are required to meet or exceed criteria in the following four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district met each of the AYP criteria and made overall AYP for 2012-13. For more information, visit www.cde.ca.gov/ta/ac/ay/.

Federal Intervention Program

Schools and districts receiving Title I funding that fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate) enter into Program Improvement (PI). Each additional year that the district or school(s) do not meet AYP results in advancement to the next level of intervention. The percent of schools identified for Program Improvement is calculated by taking the number of schools currently in PI within the district and dividing it by the total number of Title I schools within the district. This table displays the 2013-14 Program Improvement status for the school and district. For detailed information about PI Identification, please visit www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

District Mission Statement

The mission of the El Rancho Unified School District, in partnership with the community, is to provide an innovative and challenging learning environment that promotes excellence. We will prepare students as lifelong learners to succeed academically, intellectually, socially, emotionally and culturally.

California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The *Fitnessgram*® is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the *Fitnessgram*®. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf/.

Textbooks and Instructional Materials

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks		2013-14 School Year
Criteria	Yes/No	
Are the textbooks adopted from the most recent state-approved or local governing board-approved list?	Yes	
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes	
Do all students, including English Learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes	

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

School Facilities

North Park Middle School was built in 1956. North Park Middle School facilities are clean, safe, and well-maintained. The site consists of 39 classrooms, a cafeteria, adequate restroom facilities for staff and students, a library and computer center, a small conference room, and two locker rooms for physical education classes.

Our staff strives to provide a safe, clean, and well-maintained environment. The custodial staff consists of one full-time day custodian and two full-time night custodians, who perform basic duties of maintaining the cleanliness of the school campus. The grounds and maintenance crews from the District perform routine maintenance on a regularly scheduled basis. Our school completed several modernization projects within recent school years. The projects included the modernization of all restroom facilities, the insertion of a wheelchair lift in the cafeteria, and the installation of new AC/Heating systems in the 600/Library building and the administrative office building.

“North Park Middle School’s staff is committed to providing students with a rigorous curriculum that will prepare them to be college and career ready.”

Professional Development

The El Rancho Unified School District provides professional development programs that provide a wide range of professional growth and support opportunities to serve the needs of teachers/staff at all learning stages:

- Beginning Teachers Support and Assessment (BTSA) program as approved by the State of California which provides experienced mentor support for all new teachers earning their California Clear Credential
- Peer Assistance Review (PAR) program for veteran teachers which provides seminars and individual coaching for teachers refreshing their skills and learning new strategies
- Certificated and Staff Training
- Site Administrator Training

We dedicate three full days and approximately 18 half days toward professional development at our school sites per year. The topics addressed at our trainings are based on teachers' need assessment surveys, student assessment data analysis, and district and schoolwide action plans. Our intern teachers are supported by university supervisors. Professional development at individual school sites are determined by the instructional focus. English Learner and special population trainings are offered on site as needed. In addition, teachers also attend off-site workshops or conferences.

Teacher Qualifications

Core Academic Classes Taught by Highly Qualified Teachers

The No Child Left Behind Act (NCLB) extended ESEA to require that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated competence for each core academic subject area he or she teaches. The table displays data regarding highly qualified teachers from the 2012-13 school year.

High-poverty schools are defined as those schools with student participation of approximately 40 percent or more in the free and reduced priced meals program. Low-poverty schools are those with student participation of approximately 39 percent or less in the free and reduced priced meals program. For more information on teacher qualifications related to NCLB, visit www.cde.ca.gov/nclb/sr/tq.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education (CDE), school, and district offices. For additional information on California schools and districts, please visit DataQuest at <http://data1.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English Learners. For further information regarding the data elements and terms used in the SARC see the 2012-13 Academic Performance Index Reports Information Guide located on the CDE API Web page at www.cde.ca.gov/ta/acl/ap. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1 of each year.

All data accurate as of December 2013.
