### Mission Statement:

The community of El Rancho High School is committed to creating an environment in which students develop the skills and ethics to be college and career ready. This will be achieved through a student-centered, teacher-guided curriculum that recognizes diversity in a climate of positive parental involvement.

El Rancho High School's Vision and Schoolwide Learner Outcomes:

El Rancho High School is committed to providing students with an education that is rigorous, engaging, and standards-based. Our highly qualified staff, along with parents and the community, will support student achievement to:

- Improve literacy and writing skills through a shift to the Common Core Standards and complex texts
- Develop the skills to become productive members of the global community
- Emphasize graduating college and career ready, having met the A-G requirements, with the goal of entering and graduating from a 4-year university
- Acquire 21st Century skills, including critical thinking and evidence-based analysis, technological, collaborative and communication skills

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (562) 801-5355 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)**

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The high school was built in 1952, and at that time won an award from California for its architecture. Modernized in 2002, each of the 134 classrooms has Internet connectivity, a telephone, and a combination TV/VCR/DVD. The school's library, staffed by one full-time librarian and two library clerks, houses three computer labs and two study areas that are available for student-use before school and after school. Facility improvements include the uniformity of classroom paint, upgraded flooring in several buildings and a new air conditioning system in one building.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement

El Rancho High School is committed to fostering partnerships with parents to support students to be successful. In the past year, we have created a task force, the Parents are our Partners Schoolwide Action Team (SWAT) that has found various ways to make sure our parents feel welcomed and part of the educational process of their children. Through the SWAT, we have added a position, Parent and Community Outreach Clerk, to help with parent outreach. This part-time, bilingual staff member has helped to bridge the gap and get parents more involved on our campus.

Back to School Night - Starting in early September, this is one of the first opportunities that parents have to come learn about our campus. We have worked to create a welcoming environment and we have changed the format to allow for more interaction teachers. There is a club fair in the quad and parents can visit classes and attend workshops.

Parent College Field Trips - Parents have the opportunity two times each year to attend a college field trip with their child. We have visited Cal State Long Beach, Chapman University and UC Irvine. The college field trips are held on Saturdays to accommodate parent schedules. Transportation and lunch are provided. Tours at the colleges are provided by ERHS Alumni who are currently attending the university that we are visiting.

We have several parent education opportunities throughout the school year. We offer classes during the day and in the evenings. PIQE (Parent Institute for Quality Education) is an opportunity for parents to learn about high school requirements and how to best support their children on the path to college and career. We also offer the Latino Family Literacy Project which is a 6-week course taught by our counseling staff. Parents can also attend our Parent Series on Saturdays, taught by ERHS teachers and counselors.

Join us for Coffee with the Principal! Parents have the opportunity to talk with the principal, other administrators, counselors and teachers about any concerns or feedback they have about El Rancho High School. We hold this informal event two or three times each year.

Future Don Night is a night for families of incoming students to learn more about what El Rancho High School has to offer. This event starts in our main gym on February 25, 2016 and then families have the opportunity to attend the club fair, workshops and speak with teachers and counselors.

In addition to these opportunities, parents are involved in other committees and organizations on our campus, such as:

- School Site Council
- ELAC
- Booster Organizations (Don Boosters, Band/Colorguard & Touchdown Club)
- Schoolwide Action Teams (SWATs)
- WASC Focus on Learning Process
- Parents Rounds at the Ranch

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

### School Safety Plan

El Rancho High School provides a safe and clean campus to promote a positive and clean environment for students. Administrators, counselors, teachers, security personnel, and staff provide supervision. Communication by these parties is done through a handheld radio system. Also, each classroom is equipped with a telephone, which provides direct access to the office. During the school day, there is one entrance to the interior of the campus, eight school security officers and one school peace officer is on duty as well as a LA County Sheriff Deputy (School Resource Officer) is on duty.

A systematic evacuation plan has been established for students and staff. El Rancho updates its School Safety Plan yearly. The School Safety Plan was last reviewed, updated, and discussed with the school faculty February 2014. The purpose of the plan is to promote safety in the event of a disaster. The Safety Plan addresses preparedness and responses to earthquake, fire, and intruders on campus. Practice drills are conducted once a semester. Should a disaster occur, special teams have been established for search and rescue, first aid, security, and student accountability.

### Professional Development provided for Teachers

The El Rancho Unified School District provides professional development programs that provide a wide range of professional growth and support opportunities to serve the needs of teachers/staff at all learning stages:

- Beginning Teachers Support and Assessment (BTSA) program as approved by the State of California which provides experienced mentor support for all new teachers earning their California Clear Credential
- Peer Assistance Review (PAR) program for veteran teachers which provides seminars and individual coaching for teachers refreshing their skills and learning new strategies
- Certificated and Staff Training
- Site Administrator Training
- Buck Institute for Education - Project-Based Learning (PBL)
- Digital Learning Coaches

We dedicate three full days and approximately 18 half days toward professional development at our school sites per year. The topics addressed at our trainings are based on teachers' need assessment surveys, student assessment data analysis, and district and schoolwide action plans. Our intern teachers are supported by university supervisors. Professional development at individual school sites are determined by the instructional focus. English Learner and special population trainings are offered on site as needed. In addition, teachers also attend off-site workshops or conferences.

### **Career Technical Education Programs**

CTE courses are included in a variety of pathways at El Rancho High School. Many of our CTE courses are offered through the Visual/Performing Arts department and the Regional Occupation Program (ROP). During the 2014-15 school year, there were eleven ROP courses offered on campus, all of which are aligned to the appropriate State Standards and are taught by certified ROP teachers. All of these courses directly lead to more advanced college courses and/or a viable occupation. The seven graphic arts courses offered within the Visual/Performing Arts department are articulated with a local city college. Students are encouraged to continue with the coursework at college in order to be competitive in a job market.

El Rancho High School offers the following pathways:

- Healthcare
- Law
- Culinary Arts
- PLTW Engineering

ERHS offers two programs that are articulated with two local city colleges. ROP Administration of Justice offers college credit through Rio Hondo Community College, and Advanced Digital Animation. ROP courses include the following: Food and Nutrition, Hospitality, Early Childhood Education, Medical Core, ROP Emergency First Responder, Administration of Justice, Careers in Education, and Forensics. The primary representative of the District's Career Technical Advisory Committee is Nancy Nasouf, College and Career Counselor of El Rancho High School. Ms. Nasouf works closely with the College & Career Advisor, staffed by Tri-Cities ROP, to make sure that students have access to CTE courses.

Our goal is to continue offering programs and classes that are integrated with our Standards-based curriculum, while developing career pathways that will help students meet the demanding performance requirements expected of the 21st century workforce. New programs are in development to support these stated goals. In the 2015-16 school year,

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
