2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Rio Vista has been recognized as a 2014 National Blue Ribbon School. As well, Rio Vista has been recognized as an AVID Elementary Certified Site and as an AVID Showcase School for the 2019-2020 school year. These three recognitions mark the significant efforts of students, teachers, staff, and parents over the last several years.

As we move forward we continue our commitment to maintaining a safe, nurturing environment of high expectations in which all students can learn and succeed. We seek to create a climate where students not only feel welcome but also are eager to participate in their education. We strive to provide students with opportunities that allow them to gain knowledge and experience beneficial to their future success.

“In order to provide specific, targeted instruction to all students, we at Rio Vista will not rest until the needs of our students are met through consistent collaboration, individual flexibility, and our complete trust in each other as a team.”

Our uncompromising vision affirms that in working together, all students at Rio Vista will develop positive self-worth and a passion for lifelong learning.

We aim to build stronger partnerships with parents. We want to encourage and support them in taking leadership roles that support our students and community and desire their participation in their students' education. By working together we prepare our students for college and career readiness, building a strong foundation of academic skills and habits that contribute to lifelong learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

School Facility Conditions and Planned Improvements

Rio Vista Elementary School was built in 1952. Rio Vista is a safe, clean, and well-kept campus. Our campus is secured by fencing surrounding the campus. Park space is shared with the school for additional field space during the day. The school has 24 classrooms, a preschool, three playgrounds with two large fields, an indoor cafeteria with a stage, restroom facilities throughout the campus, a library, a computer lab, and a central office.

Each classroom has been modernized with drop ceilings, new lighting, new floors, air conditioning, and heating systems. Each classroom is Internet-accessible and equipped with computers, document cameras, and projectors. During the summer of 2015 upgrades were made to wireless internet infrastructure adding access points in every classroom increasing bandwidth and device capacity. Our school library is a great place for students to have the opportunity to select a book from more than 10,000 titles showcasing an array of different genres. As well, in 2017 a new state of the art Innovation Lab was built for students to be engaged in creating and engineering projects in an open space concept.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We aim to involve parents in many ways beginning with school-wide events such as: Back to School Night, Open House, Kindergarten Kick-Off, Coffee with the Principal, Lunch with Someone Special, Parent Workshops, Bilingual Book Club, and Running Club race events.

Formal workshops are also provided through the state PTA School Smarts program, including, academics, bullying, state assessment requirements, and enrichment opportunities. These activities are presented in partnership with our digital literacy coach, teachers, district personnel, and community partners.

Our Parent-Teacher Organization (PTO) is the foundation of our school volunteers. We are very thankful for these special parents and family members for volunteering countless hours to make our school a better place. PTO strives to enhance the learning experience by supporting students in many different ways including:

Parents who are not directly involved in our PTO are involved in other ways, such as:

- Classroom volunteers
- School Site Council (SSC)
- English Learner Advisory Committee (ELAC)
- Fundraising activities
- School projects
- Homework

*School Site Parent Trainings

Our PTO meets at 2:45 p.m. on the first Tuesday of every month. All parents, family members, and teachers are welcome to join.

For more information on how to become involved at the school, please contact PTO representatives at annahernandez@erusd.org or jramos@erusd.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Rio Vista's Comprehensive School Safety Plan (CSSP) is revised on an annual basis and reviewed with the school faculty and staff. It was last updated December 2019. Upon request, parents can access the plan in the school office.

The SSP outlines the appropriate responses necessary to respond to a variety of unusual or emergency situations including: earthquake, fire, or unauthorized persons. Rio Vista conducts regular earthquake, fire, and lockdown drills to prepare all students and staff for emergencies. To evaluate its effectiveness, a self-reflection and staff review accompanies each drill. The school maintains emergency supplies in a designated emergency bin. For the last eight years, Rio Vista has also participated in the Great California Shakeout – a statewide earthquake preparedness activity and drill.

Through the El Rancho Student Services office, Rio Vista has partnered with community agencies to provide support to students and families with medical and mental health programs. Rio Vista also strives to maintain a positive school environment through the PBIS including: Character Counts, Good Behavior Game (GBG) and Olweus bully prevention programs.

Rio Vista School is a closed campus. All visitors must enter and exit via the front school office and guests must sign-in prior to entering campus. Photo identification must be provided and verified prior to picking up students. School staff members supervise the playgrounds and common areas throughout the school day. In addition, District police units are available to further ensure the safety of children before, during, and after school. It is our goal to make Rio Vista School a safe and conducive environment for learning.

Rio Vista and the El Rancho Unified School District continue to work with outside partners and agencies through the Safe Schools, Healthy Students partnerships to further enhance the overall safety of our campus and student community. Through these partnerships students are provided access to community resources at the school site. This year we have expanded these offerings and have several groups working with students across all grade levels.

In Fall of 2013 the El Rancho Unified School District and Rio Vista have enacted a new Student Success Team (SST) process and discipline referral process in order to better address academic and behavioral concerns that impact the school climate.

Professional Development

The district provides professional learning opportunities to meet the needs of administrators, teachers, and support staff at all levels of the organization: Beginning Teachers Support and Assessment (BTSA); Peer Assistance Review (PAR) for veteran teachers; District and site administrators; Teachers and support staff; and Digital Learning Coaches.

Due to the COVID-19 Pandemic and Distance Learning needs, El Rancho Unified School District began the 2020-2021 school year with four days of virtual professional development. The topics addressed were based on the district's distance learning needs assessment survey. The professional development days focused on technology platforms, distance learning instructional best practices, and distance learning district expectations.

Embedded in the Distance Learning instructional schedule, Friday afternoons are used for site-based or district-based professional learning opportunities. The focus during the professional learning opportunities includes the use of technology resources and platforms, instructional best practices during distance learning, social-emotional learning and mental health practices during distance learning, data analysis, and teacher collaboration and planning.

Professional development is determined by in-depth data analysis and aligned to the instructional focus areas. English learners and special population training are offered on-site and at the district level as needed. In addition, teachers and support staff also have the opportunity to participate in virtual workshops or conferences.

Traditionally, the analysis of data led to the identification of professional learning priorities. Whole group instruction, small group differentiated instruction, and designated English language development supported strengthening language arts instruction at the elementary level. Professional learning in mathematics focused on the Standards for Mathematics Practice, in conjunction with problem-solving and modeling and data analysis at the middle school level. At the high school, professional learning was prioritized for the Expository Reading and Writing Course which develops students' academic literacy in rhetorical and analytical reading, writing, and thinking. All schools participated in professional learning opportunities centered on data literacy. Professional development has traditionally been provided during modified day schedules, pupil-free days, release days, and conferences/workshops outside the district. Professional learning is supported through in-class coaching, teacher-principal meetings, observations, and demonstration lessons.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
