

SAFETY

The Governing Board places a high priority on safety and on the prevention of student injury. Principals and staff are responsible for the conduct and safety of students from the time they come under school supervision until they leave school supervision, whether on school premises or not. The Superintendent or designee shall establish regulations and procedures as necessary to protect students from dangerous situations.

Playgrounds

Playground equipment shall be carefully selected and installed, so that it minimizes accidents and present no unseen hazards. Safety shall receive prime consideration whenever playgrounds are planned or upgraded.

The principal or designee shall ensure that playgrounds and other school facilities are regularly inspected, well maintained, and adequately supervised whenever in use by students during the school day or at school-sponsored activities. The principal or designee shall establish playground safety rules.

SAFETY**Supervision**

The principal of each school shall ensure that certificated employees, teacher aides or yard aides supervise the conduct and safety, and direct the play, of students of the school who are on school grounds before and after school, during recess, and during other intermissions.

The principal or designee shall:

1. Clearly identify supervision zones on the playground and require that supervisors remain outside at a location from which they can observe their entire zone of supervision.
2. Require that all individuals supervising students remain alert in spotting dangerous conditions and report any such conditions to the principal or designee promptly and in writing.
3. Establish emergency procedures that ensure swift response to accidents, fighting, and situations that could become dangerous, such as overcrowding or unusual gatherings of students.

The Superintendent or designee shall ensure that teachers, teacher aides, yard aides and volunteers who supervise students receive training in the above safety practices and in supervisory techniques which will help them to forestall problems and resolve conflicts.

When determining the ratio of playground supervisors to students, the Superintendent or designee shall consider the size of the playground area, the number of blind spots that are not immediately visible, the age and gender of the students, and the general nature of their behavior.

Release of Student to Adult

Students shall be released during the school day in the custody of an adult only if:

1. The adult is the student's parent/legal guardian with custody.

(cf. 5021 - Noncustodial Parents)

2. The adult is a properly authorized law officer acting in accordance with law.

(cf. 5145.11 - Questioning and Apprehension)

3. The adult is taking the student to emergency medical care, at the request of the principal or designee.

SAFETY (continued)

4. The adult is listed on the student's emergency card or current registration, when the parent/guardian cannot be reached, and the principal or designee verifies the adult's identity.

(cf. 5141.4 - *Child Abuse and Neglect (Reporting Procedures)*)

Eye Protection Devices

The district shall provide eye protection devices in accordance with law.

Staff shall ensure that all students, teachers and visitors wear eye protective devices when they are engaged in or observing an activity or using hazardous substances likely to cause injury to the eyes. (Education Code 32030, 32031)

Eye safety devices may be sold to students for an amount not to exceed their actual cost to the district. (Education Code 32030, 32031, 32033)

Protection Against Insect Bites

To help protect students against insect bites or stings that may spread disease or cause allergic reactions, students shall be allowed to apply insect repellent provided by their parents/guardians, under the supervision of school personnel, and in accordance with the manufacturer's directions, when engaging in outdoor activities.

Missing Children

In order to enable district staff to assist in locating missing children, the Superintendent or designee shall ensure that Department of Justice information on missing children is posted at every school. In schools maintaining elementary grades, this information shall be posted in areas restricted to adult use. (Education Code 38139)

Elementary school principals are urged to review missing children's pictures whenever a new student enrolls or transfers into the school. (Education Code 49068.5)

Playground Design, Equipment and Maintenance

Teachers, teacher aides, maintenance staff, parents/guardians and students are encouraged to contribute their ideas for making the playground as safe as possible.

Playgrounds should be designed for ease of supervision and should have:

1. Clearly defined entry and exit routes that lead to and from play areas without crossing other major activities.

SAFETY (continued)

2. Fences or other barriers limiting vehicle access to play areas.
3. Proper water drainage.
4. Bicycle racks that are fenced and located where easily visible.
5. Safety rules posted at the entrance and near play equipment.

Playgrounds shall provide access for the handicapped in accordance with law.

The age, size and ability of the students who will use playground equipment shall determine the choice of equipment, the height of platforms and slides, and the diameter of climbing bars. Par courses and other adult equipment that is inappropriate for student use shall not be placed at elementary schools.

Playground equipment shall be installed by the manufacturer, by the manufacturer's representative, or by district maintenance staff under the direct supervision of the manufacturer's representative. A signed statement shall be secured from the manufacturer's representative stating that the equipment has been properly installed in accordance with the manufacturer's specifications.

Playground Safety

Any new playground or any replacement or modification of components inside an existing playground shall conform to standards set forth by the American Society for Testing and Materials and the guidelines set forth by the U.S. Consumer Product Safety Commission. Health and Safety Code 115725)

Any playground installed between January 1, 1994, and December 31, 1999, shall conform to these standards not later than 15 years after the date of installation. (Health and Safety Code 115725)
